

**Vacancy:**  
**Volunteer Tree Funding Assistant**  
*Ad hoc, pro bono position*

The Ecosystem Restoration Communities Foundation is looking for a volunteer who is willing to contribute their basic admin and coordination skills towards the restoration of the earth. This voluntary, part-time role can be done from anywhere in the world and will be on a project-by-project basis. The selected candidate is expected to invest about 5 to 8 hours per week in this role, for a period of no less than 3 months.

### **About Ecosystem Restoration Communities**

Ecosystem Restoration Communities is a global movement of everyday people that are reversing ecological destruction across six continents.

### **Why work with us**

Joining us in this important work is an exciting way to give back to the earth, by doing something practical and immediate to help restore our ecosystems! You'll be directly in touch with our restoration communities, contributing to their success and helping them achieve their tree-planting and restoration goals. This is a challenging but also rewarding position.

### **What the position involves**

- Communicating with ecosystem restoration initiatives to collect basic data and information
- Assisting the ERC team in managing current tree-planting partners and their requests
- Uploading communities' information on tree-planting platform, creating new profiles and improving the existing ones
- Assisting the ERC team in the research of new funding opportunities to help the restoration communities achieve their goals

- As this will mainly be a self-initiated role, you must have the ability to work independently and with little supervision

## How to apply

Email your CV to [Cristina Pianca](mailto:Cristina.Pianca) before 30 October 2023.

Please include a short cover note or video telling us why you could be the right person to help us fundraise for the movement and support our partners in reaching their restoration, fundraising, and tree-planting goals!
